Late this summer, ORPHANetwork and YOUR GROUP NAME HERE are hosting a Volleyball Tournament on behalf of our orphaned children in Puerto Cabezas, Nicaragua. I understand your limited time to read this, so I have just one story for you - thank you for the time you're investing to take a look...

Put yourself in Suyapa's shoes, for just a moment. You're scared, you see. White-washed walls surround you, and people in gloves and masks keep running tests. It's because of you couldn't beg enough from folks on the street. Your broken fingers, your burned legs and chest and face: the punishment over long years. Now into your tenth surgery, you're just terrified of everything. Of the adults who did it all to you, of the doctors trying to fix you, of the possibility of being back on the streets. You are 8 years old and you have nothing—literally nothing—to hope for.

Flash-forward just 3 years. Suyapa's hands, which once wouldn't even hold a fork for dinner, are completely healed. In fact, she loves to play jacks. She plays with other children in the orphanage. She's finally learning to read and write. She's, dare we say it, joyful. Maybe for the first time ever.

For our abandoned children, for our children who have experienced nothing but hunger, abuse, and terror, we're having a volleyball tournament. We'll be barbecuing, auctioning, raffling, and playing all sorts of games and music.

I'd be grateful for you to come alongside our community as a leader in your area of business. There are three ways we could use your support:

- 1) Financial Sponsorship** - We'll partner with you as you give financially to the event:
 - **\$500** - Logo Placement on event flyers and t-shirts.
 - **\$1000** - All of the above, and prominent placement of business logo on main banners, as well as specific verbal announcements made throughout the day thanking your business for the support.
- 2) Items for Auction** - Giving of your business's product or services allows us to fundraise via an auction or a raffle. We'll be sure to prominently feature your business at the auction area, or during the raffle, and throughout the day at the event.
- 3) Items for Giveaway** - Instead of giving one of your products, you could decide to put your logo on something like a headband, or a gym bag, for everyone in the tournament. This way, players leave with, say, a water bottle from your company! What better marketing.

We're excited for this event, and excited for your partnership. We'd be overjoyed to have you partner with us in rescuing children like Suyapa, and ensuring they receive the care and love they need to grow into a new life.

Please do take some time to think about how you could partner with the community here in YOUR AREA, committed to caring for these children.

Sincerely yours,

**All Donations Are
Tax Deductible**
